Notes: *Outside mount shades will be made to this width, but the valance (if any) will be wider (½" plus 2X material thickness) to allow operating clearance for valance returns.

Natural Woven Shades are hand-crafted from natural materials that can have substantial variations in size, shape, color, and weave. The natural weaves may expand or contract in different environmental conditions causing length variations. These irregularities are part of the inherent beauty of this hand-crafted product.

Bay Windows
Supply either of the following:
• Backwall dimensions (A, B, and C) *and* templates of angles.
• Face dimensions (X, Y, and Z).
Castec will make clearance deduction only when backwall and angles are supplied.
